- ☐ Web
- ☐ Data
- ☐ Containers
- ☐ Pricing & Capabilities
- ☐ Strategic Migration Planning
- ☐ Skilling Plan for your IT Team
- ☐ Azure Managed Services

### ENABLE DIGITAL TRANSFORMATION WITHIN YOUR ORGANIZATION

#### Cloud Briefing (Day 1)

In this workshop, an Opsgility expert will brief your team on how Microsoft Azure can be a critical aspect of your organization's digital transformation strategy. The workshop will start with a business and technical briefing on the capabilities of Azure that are most important to your organization. From there, we will transition to a discussion focused on your organization's current digital estate that will be used as an active discussion on how a migration or modernization project to Azure could look.

#### Assessment (Day 2)

After the technical briefing, we will provide a proposed migration plan that includes an in-depth technical assessment and suggested steps for migrating or modernizing your workloads.

#### Cost and Credit

The cost of the workshop is \$2,500. If your company chooses to work with Opsgility as its Cloud Service Provider, the cost will be applied as a credit on any project-based work.
